Thank you to these generous Business Partners for their friendship and support of ALA Silicon Valley Chapter, legal administrators, and the profession of legal management!

ALA Silicon Valley Chapter Business Partners provide services specific to the legal industry and are knowledgeable and accomplished in their respective fields.

With their support of the chapter this year, members have direct access to a distinguished group of service providers who enable the chapter to provide outstanding continuing education, conference scholarships, networking opportunities, and more.

We hope you will reach out and get to know our Business Partners over the year, even if you do not have a need for their services at the moment. Understanding what they have to offer and having an established relationship is an advantage when you need help at a moment's notice!
