Payroll and HR Pitfalls that Prevent ACA Compliance. Next Steps?

Tuesday, February 17, 2015 at 2 p.m. (Eastern)

Your clients have long struggled with keeping current and compliant with laws and regulations – this compliance struggle with current requirements can prevent compliance with new requirements. The Affordable Care Act (ACA) is yet another example of this perfect storm.

In this 1 hour webinar, you'll learn about 3 specific areas that all but eliminate your hopes of ACA implementation success unless fixed. Our speaker, Karen Kirkpatrick of Infinisource, will focus on key areas such as:

1. Compensable time.
2. Worker classification.
3. Job descriptions.

Karen Kirkpatrick is the Senior Compliance Advisor for InfiniSource. In her sixteen years working with InfiniSource, Karen has gained a national reputation for being one of the foremost experts on HR Compliance, COBRA, HIPAA, FMLA, Consumer Driven Health Plan Options, Health Care Reform, and other benefits laws. She has conducted more than a thousand seminars, webinars, and executive briefings on numerous federal insurance laws, human resource compliance, consumer driven health care, and health care reform. She has written or contributed to several publications, including HIU, the magazine of the National Association of Health Underwriters, Thompson Publication, and the National

Health Information's Consumer Driven Health Care. She speaks at national and regional conferences including NAHU and SHRM events on both benefit and employment related compliance topics, as well as webinars for agencies and organizations nationwide
